DIOSPOT OPTI GUIO Downlight for insulation - Swivel

Stylish downlight in the DIOSPOT OPTI series for installation directly in insulation. Extremely easy to install. Available in brushed steel, and black.

OUTLET !! - LIMITED STOCK

Downlight in the DIOSPOT OPTI series is a downlight for indoor use, that is approved for mounting in insulation and flammable materials. They are easily installed with Torx 10 screw system. The front ring is with a double feather function, which makes sure, that it fits tight to the sealing, regardless of the type.

The downlight is available in brushed steel, white, black, and brass. They are all adjustable/tiltable at a 25-degree angle so that you can adjust them for your needs. Approved for use in areas 1 and 2 in rooms with bath or shower.

The downlight has a big connection box with a 5-pole terminal block, where you have the opportunity to route cables. Furthermore, there are unique mounting flaps, that make sure that you get a safe installation in all types of sealings from 4mm to 36mm.
