Strands FOR9T No-Glare LED work light 78W

FOR9T 78W LED work light with a unique No-Glare function and built-in position light in Yellow or Red.

With an eye-catching design and a size that fits any vehicle, the FOR9T No-Glare 78W work light features a broad and powerful brightness.

The light produces an impressive7200 lumens, at 6500 kelvin, and reaches 1 lux at distance of 65m. The No-Glare lens cuts and softens the upper part of the light beam, reducing glare.

A 15cm cable with a DT-4 connector combined with the 180° adjustable bracket, makes it easy to install.

Manufactured with high-quality aluminum and polycarbonate, it is sure to be a durable addition to your vehicle. It operates at 10-48V DC and has an IP rating of IP69K. It is EMC-certified ECE R10
