Hella Rallye 3003 High beam with LED - 12V / 24V - restsalg 370

Only 1 in stock.

Note that this product is a clearance sale. We only have 1 products(s) in stock.

This is just the lamp, without brackets and screws.

A large Hella auxiliary lamp with H1 socket and LED position light. The large size, but low weight make it perfect for mounting on larger cars and trucks. The big reflector and the clear glass give you plenty of light. The lamp is also built of stainless materials.

The lamp has a H1 socket (12V/55W, 24V/70W) and the built-in position light is a LED light source, that can also be replaced.
