

Hella LED Celisrings - Dual Color Kit

Complete kit that replaces the original Hella Celis LED emitters, with dual color models, and a controller for color-switching.

Complete kit that replaces the original Hella Celis LED emitters, with dual color models, and a controller for color-switching. The brightness matches the original.

Standard we only have cold white and yellow, but we can make any color combination you like.

- The kit is very simple to mount
- Remove the original emitters
- Optionally remove the original driver
- Mount the dual color emitters and the driver

This kits works for both 12V and 24V.
