

## LED Bike Light with 5 x Cree T6 - 5500 Lumen

A rechargeable LED bike light with 5 very bright Cree T6 LEDs. A large battery pack, mounting accessories and a 230V charger.

A rechargeable LED bike light with 5 very bright Cree T6 LEDs. LED bicycle headlamp is supplied with a 4400 mAh battery pack and a 230V charger, so you have everything you need to get out running or biking on the dark roads. The lamp is waterproof and the battery pack is splashproof, so they are suitable for all types of weather and lighting.

The light has 4 light functions, so you can easily find a suitable level of light, these are selected via the push button on the back of the headlight.

1 = 100% light 2 = 50% light 3 = 10% light 4 = 100% strobe lights.

The light is typically mounted on the handlebar with the supplied rubber rings or you can choose to use helmet bracket, which is also included in the box.

The rechargeable battery pack is supplied in a nylon bag with Velcro, so that it can easily be attached to the handlebar or the frame. Cable length: the headlamp has a 65 cm wire - the battery pack has a 60 cm cord.
