

Scania Topline Set

The kit replaces the original glass and the light bulbs in the lamp boom with powerful LEDs, embedded in a hard plastic. All accessories incl.

A complete set for replacing the troublesome incandescent bulbs in the light boom on SCANIA TOPLINE with powerful LEDs. The 6 replacement glasses that are included fit directly in to the light boom and makes replacing them very quick. Afterwards, you will not have to replace any further bulbs and they also create a brighter light.

Buy online at www.matronics.eu/24601001

Simply unscrew the original glasses with sockets and mount our replacement glasses in the light boom. They can be delivered in the colors white, yellow, green, blue or red. They are delivered in sets with 6 glasses, shrinktubing for the connectors in the light boom and installation instructions.
