

2 pcs. H7 LED Resistors 12V

A resistor with H7 plug. Used for LED conversions, where it is put in between the H7 bulb and the car's H7 plug.

A resistor with a H7 plug. Used for LED conversions, where it is put in between the H bulb and the car's H7 plug.

The resistor increases the consumption on the bulb, so that the bulb-control does not make an error.
