

Volvo FH 2012+ Top Positions Lamps - Type I

Position lamps for the top corners of Volvo FH Globetrotter and Globetrotter XL, on models with no top high beam spots.

Position lamps for the top corners of Volvo FH Globetrotter and Globetrotter XL for models with no top high beam spots. Remember to read the yellow notice field.

matronics

Buy online at www.matronics.eu/249008

The yellow corner-lamps are white lamps that have been modified and have 4 yellow LEDs instead of 3 white. The corner lamps only fit the Volvo models without a spot.

Dual color models

Dual color corner-lamps change between yellow and white light, by swapping plus and minus. This requires changing the original wiring, and is controlled with a [color changer controller](#) or a 2-pole switch.

These lamps fit Volvo models without top high beams
