

LED strip-lamp, tail light / brake light

A red strip-lamp that is ECE-approved as a tail light and a brake light. Immersed mounting or in a mounting bracket.

A red strip-lamp that is ECE-approved as a tail light and a brake light. The strip-lamp can be recessed on a surface (cut out 203x19) or you can mount it using a mounting bracket.

The whole lamp lights up for normal tail light, while the 6 in the middle increases in brightness when the brake light is activated.

The super slim design makes it possible to mount it anywhere. It is also very sturdy and secured against vibrations, dust and water (IP67). There is a 5 years warranty from the manufacturer.

The lamp is ECE and EMC approved.
