

Mikrus S - Scenik, MR11/MR16

Nice Mikrus lamp in chrome for MR11 / MR16 bulbs. It can be turned and tilted.
Up to 35W halogen or LED.

Nice Mikrus lamp in chrome for MR11 / MR16 bulbs. The base completely hides the base of the lamp, so that the bulb almost melts together with the lamp. A nice bulb in a fitting colors gives you a great looking light source.

The lamp can be turned and tilted. It can easily be mounted and dismantled in the Mikrus profiles, with a 90-degree twist in the base.

It can be used with up to 35W halogen or LED, which should give you plenty of lights for all purposes. We of course recommend LED bulbs, as you else quickly reach the power limit of the profiles.
