

Boat marine lantern / navigation lamp

LED marine boat lamps in tear shape, with white or chrome house. Red, green and white light. Follows international specifications.

Great looking LED marine boat lamps in tear shape, with white or chrome house. With red, green and white glass and LED light, that will never require a bulb replacement. The manufacturer offers 5 year warranty on the lamp, and the construction ensures that the lamp will endure many seasons. Easily mounted on the boat, without any visible screws or bolts.

The lamps have a very low power consumption between 1.1W and 2.5W, depending on color.

The lamp is fully enclosed (IP67), which means it can be fully immersed without any issues.

They are built according to international specifications, regarding color and light beam.

Mounting

The base is screwed or bolted on, where after the lamp is simply clicked down on it, where it clicks on. There are 2 screws included with each lamp.
