

Drawer rail, galvanized steel, 20kg

3 section drawer rail with ball bearings, and full extension. It can carry up to 20kg (pair). Easy to mount as the last section can be disconnected.

3 section drawer rail with ball bearings, and full extension. It can carry up to 20kg, more than enough for typical uses.

These rails are sold in sets of 2.

The rail is easy to mount and dismount as the last section can be disconnected, by pushing on the black plastic arm on the inside of the rail.

There are mounting holes along the length of the profile.
