Light base for 2021+ Volvo trucks with the medium size emblem, 15cm diameter. Easy to mount with bolts. Dual color light color.

The emblem is not included as it fits the original on the truck!

The lightbase fits the following:

- 2020+ FM4 (Facelift)

As the emblems are dual-color, you can decide which color the emblem lights. It can be connected in various ways, either a single color, or with color change. The light base has wires equivalent to the two light-colors it has, and it turns on the color equivalent to the wire that is connected to plus. The other is connected to minus.

This allows you to connected it in the following ways:

- Color changer controller / Polarity flipper
- Dual color US-light controller
- One single color without color-change
- Color change using relay or switch (must be dual pole switch DPDT)
