Prolumo Work FLAT-STROBE - LED work-lamp, Flood 2880lm

Flat lamp with "invisible" white powerful LEDs and bult-in R65-approved strobe-light. Can be used, for example as a work lamp or as an extra backlight.

Flat lamp with 6 powerful white LEDs. It can be used, for example as a work lamp or as an extra backlight. Furthermore, the LED bars have integrated R65-approved strobe light in the upper half of the bar. There is no possibility to synchronize or switching between flash patterns.

The lamp has a built-in thermo-function that throttles the brightness if the components should overheat. In that way, you get the best possible outcome of high light output and durability.

The alu-house has a powerful powder-coating. The light color is 5700K and the lens of 90 degrees gives a good diffusion of light, suitable for work and back-up light.

Includes brackets, bolts and nuts for fastening.
