WAS LED taillamp with dynamic indicator, round, 12 - 24V

WAS "Hamburger" LED taillamp with rear-light and brake-light, and also dynamic indicator-light. For both 12V and 24V.

WAs' innovative and new thinking "Hamburger" taillamp is a taillamp, that sets new standards for design and shaping. The taillamp has a normal taillight that lights up in the 3 outer rings with neon-effect. The brake light is placed in the middle of the lamp and the lamp also comes with dynamic indicator light.

The built-in voltage regulator allows you to connect it to both 12V and 24V, which gives you a lot of possibilities. The lamp is ECE approved for legal road use and is completely waterproof (IP67).

Assembly:

The lamp is easily mounted using the two built-in bolts on the back of the lamp and supplied nuts and washers.

Ref. W191DD
