

Strands Ambassador - 9" LED high-beam

Strands Ambassador LED light merges strong performance with a classic design, providing 5535 lumens and illumination up to 1400 meters.

The 9" Strands Ambassador LED driving light is created for those seeking an exclusive combination of strong performance and elegant classic design. With its impressive luminous at 5535 lumens output and focused beam, you get a world-class driving light – reaching up to 1007 meters at 1 lux.

The Ambassador is the perfect upgrade for trucks, SUVs, or any car deserving of exceptional driving lights. The large 9" design makes the lamp a striking and eye-catching choice, fitting almost any vehicle.

The Ambassador features dual-color position lights that shines in white and orange, illuminating along the frame and across the center, enhancing its sharp and sleek look during the day.

Built to withstand even the toughest challenges, the Ambassador features a shock-resistant polycarbonate lens that easily resists stone chips and an exclusive aluminum housing that is extra corrosion-resistant, and designed to last.

The back is made from the unique Nitto Denko material, providing breathable protection like "Gore-Tex," ensuring moisture is transported away from the lamp's interior, keeping it dry under any weather conditions.

Although not E-approved for public road use, the Ambassador is the ideal choice for those seeking maximum brightness and a sharp, stylish look without compromise.
