

Strands FOR9T Dragon Drive - 9" LED high-beam

Strands FOR9T Dragon Drive LED high-beam providing 14000 lumens, illumination up to 1172 meters, and 3D dual color position light.

The 9" Strands FOR9T Dragon Drive ranks among the elite of LED high beams, offering an exclusive dark design with immense power. With a dazzling light output of 14000 lumens and focused light, it provides top-notch high beams – reaching up to 586 meters at 1 lux.

The FOR9T is the perfect upgrade for trucks, SUVs, or any vehicle deserving exceptional high beams. Its large 9" design makes it a striking and eye-catching choice, fitting almost any vehicle.

The FOR9T features a distinct dual color position light that emits both white and orange with a 3D effect. It illuminates across the center in a flat X, offering a sharp and elegant look even during the day.

The FOR9T is built to withstand extreme conditions with a solid aluminum frame, polycarbonate lens, and stainless steel base, making it resistant to both extreme cold and heat, from -40 °C to +65 °C.

Although the FOR9T is not E-approved for public road use, it is the perfect choice for those seeking maximum brightness and a sharp, stylish appearance without compromise.

Installation is made easy with the pre-mounted DT4 connector, ensuring a quick and stable connection. The FOR9T Dragon Drive is compatible with both 12V and 24V systems and protected against radio interference (ECE R10).

Connection:

- Red: Plus / +
- Black: Minus / -
- White: White position-light
- Yellow: Yellow position-light

Strands FOR9T Dragon Drive - 9" LED high-beam

SKU 24607050

Voltage: 10-48V DC

Consumption: 142W

Lumen theoretical: 14000lm

Lumen effective: 9300lm

Reference: 0

Kelvin: 6500K

Operating temperature: - 40°C to +65°C

Consumption 12V / 24V: 0

Dimensions: 90 x 226 x 220mm
