SIM Toplamp BA15S

Top lamp from SIM with a classic look. Available with various colored glass. With BA15S socket

Top lamp from SIM that provides the perfect classic look. The top lamp is available with various colored glass: Orange, clear, red, yellow, smoked, smoked orange, and smoked red.

The top lamp is made of hard plastic. It features a BA15S socket, accessible by removing the front glass.

We recommend using an LED bulb and NOT an incandescent bulb due to heat. Bulbs are NOT included. We also developed our own LED emitter for the lamp, that is available in single and dual color.

Sold individually / as 1 piece.

Ref. SIM 3122
