

LED Lightbar with dual position-light, E-approved 9-36V - restsalg 379

Has been installed in store

Note that this product is a clearance sale. We only have 1 products(s) in stock.

LED lightbars with dual position-light, that sits in the top of the lamp without any visible LED's. That gives you the possibility to change between white and yellow positions-light as you feel like it so that it fits your vehicle.

The lightbars are available as 32cm (60W) and. 52cm (100W). These lightbars are ECE-approved so that you can use them on public roads. They can advantageously replace the classic halogen long-beams.

In regards to the light diagram, it shows 1 lux at 370m (32cm) and 442m (52cm) respectively. You will, therefore, get more light than the diagram shows and be able to see the reflections in the cones in the side of the road further out.

The lens glass is produced in polycarbonate and the lamp housing is made of powder-coated aluminum to achieve a sleek design and good cooling for the LEDs.

The supplied brackets are manufactured in black aluminium. The lightbars also come with a suitable DT Deutsch-plug, which makes the installation much easier.

- Black: -
- Red: High-beam
- White: White position-light
- Yellow: Yellow position-light
