

## Lightbase for original MAN sign, IP65

Waterproof lightbase for the original MAN sign. The frosted polycarbonate gives the sign an awesome neon-background.

The waterproof light base for the original MAN sign, that is placed on the hood. The bright LED strip gives the sign an awesome neon background. The LED strip in the sign is potted, and thus IP65

The base can be mounted both back and front, and on the sides, e.g. with the red model on the backside, and white or yellow on the front. The base can also be mounted on the inside of the cabin, where it can also be dimmed using standard LED dimmers.

There is no sign included, so you will have to move the existing one or purchase a separate new sign. The base is made from special opaque white acrylic.
