

15-35V Voltage converter 42 Watt - 28V

Compact voltage converter that converts 15-35Vdc to 28Vdc and max 42W

Waterproof voltage converter with a 28V output, with max current at 1,5A = 42 Watt. There are wires on both input and output.

Voltage converter has the advantage that it protects of high voltage-spike voltage from the truck, that could eg. make lights blink.

15-35V Voltage converter 42 Watt - 28V

SKU 240899

Input: 15-35V

Output: 28V, max 1.5A

Wire: 95cm

Dimensions: 30 x 80 x 50mm
