DRL 4 LED Kit for Scania

LED DRL for Scania R and 4-series. 4 powerful LEDs give you bright light. Available with xenon-white and yellow light.

LED daytime running lights to suit Scania R-series and 4 series. En simple action with diodes that remodel your fog lamps and/or extra main-beam to the DRL daytime running lights. LED-lamp er E-approved for DRL.

- Fits both front fog lamps and the extra driving beam.
- Saves fuel (consumed a total of 13 Watts compared to typical 140 watt).
- Unmatched life (quality LEDs from Philips ensures long lifetime).
- E-mark E4 ECE R87 (replaces the dipped-beam headlamps during the day).
- A built-in parking light (optional if it needs to be connected).
