

Helios MR16 LED bulb, 6W - 260 Lumen

A high-end MR16 LED bulb with a 6W sharp diode and special halogen optics.

A high-end MR16 LED bulb with a 6W sharp diode and special halogen optics that give a more even light distribution. The sharp diode has a high colour rendering (RA/CRI) and the color of the light is very much like halogen one.

The brightness of the 260 lumens can be converted into 35~40 Watt halogen.
