BA15S - 7 x SMD LED Light Bulb - 6V BA15S

BA15s LED bulb with 7 pcs. 5050 SMD diodes that make a wide illumination.

BA15s LED bulb with 7 pcs. 5050 SMD diodes that make a wide illumination. The bulb may replace a regular 5 ~ 10 watt incandescent bulb in the parking lights and in the tail lights.

The bulb has a built-in voltage regulator, so that it works in 6 ~ 9 Vdc without the damage of a charging voltage etc.

REF. no: 1156, 382, 12821, R5W, R10W, 6V

Dimensions:

- dia.: 20 mm
- length: 36 mm
