25W LED forklift work light, square, 10 - 110V, 1620lm

A square 25W LED work lamp intended for use on fork lifts and other electric machines. It can be connected to extra high voltage up to 110V.

A square 25W LED work lamp intended for use on fork lifts and other electric machines. It can be connected to extra high voltage up to 110V.

The 16 bright LEDs create a wide light beam, making it suitable as a working lamp or as additional reverse lights.
