Compact LED armature

Updated model of the very compact and flat LED armature, with 120-degree beam angle. 5-year waranty. 30cm, 60cm, 120cm, and 150cm

Very compact and flat LED armature, with a height of 2.5cm and a width of 7,5cm. The lamps are easily mounted with clips, and the low height of the lamp makes it very usable for low height ceilings. The wide light beam ensures a great light irregardless of mounting height.

The lamp is an obvious choice for many purposes, irregardless of it is for personal, business or industrial use - office, workshop, store, warehouse etc. It is connected directly to 230V, so it does not require cost-increasing transformers, and you avoid extra connections. For the same reason, we use these same lamps for our own warehouse.

The lamps with Samsung LEDs is very efficient, and because of this it is a very economical lamp compared to the alternatives, especially considering the life time.

The light is very good with a +80 CRI, and no distracting flickering. The lamps are available with the color temperatures 3000K, 4000K, 6400K and in the lengths 30cm, 60cm, 120cm ond 150cm.

12vm wire is mounted on the bottom. The lamp is double-insulated, so there is no ground-cable.
