Mini LED Fiber optics, 150 pcs. 2m x 0,75mm fiber

Set with very compact 3W RGB or 5W RGBW optic fiber emitter, 150 x 2m fibers, 230V to 12V adapter and wireless remote

Smart set with very compact 3W RGB or 5W RGBW optic fiber emitter, included with 150 x 2m fibers, a 230V to 12V adapter and a wireless remote.

It is possible to change between colors and effects with the remote, as well as brightness and speed on the effects.

You can use the emitter with 12V directly, if you do not use the transformer. There is a 5.5/2.1mm DC plug on the emitter.
