Matronics LED-tube IP65

Solid LED tube made from thick plastic hose, cable glands and aluminium profile. Bright LED strip with optional color. Up to 200cm length.

Solid LED tube made from thick plastic hose, cable glands and aluminium profile. Bright LED strip with optional color. Up to 200cm length.

We can produce these in the needed length, just note the length in the remarks when completing the order. If you need a 80cm tube, you just have to put a 103cm in the basket, and we will shorten it.
