

## Rubber dust cap for headlight

Do you have trouble getting your LED bulbs to fit in the lamp housing? Here you have the opportunity to get more room without compromising on the sealing of the headlamps components

In a compact light housing and engine compartment, it can sometimes be difficult to accommodate LED headlamps, and then the original dust cap / original lid. Fortunately, we have the solution!

Here you have the opportunity to get more room without compromising on the sealing of the headlamps components

The dust caps have the inner-diameters of 55mm, 60mm, 65mm, 70mm, 75mm, 80mm, 85mm, 90mm, 100mm, 105mm, and 110mm depending on which model you choose

The dust caps are sold in pieces
