Frisom LED Marker Lamp with reflex, 12-36V

A nice and slim marker lamp with LED's on the side and a reflex for 12V and 24V. It is fastened with screws. The lamp is ECE-approved.

Nice and slim marker lamp with LEDs in the side and built-in reflex. The lamp is available in yellow, red and white and can be connected to both 12V and 24V. The powerful LEDs provide a clear marking on distance, and the reflector glass makes the car, truck or trailer visable - even when it's turned off.

The lamp can be fitted with ø5 screws or bolts in the lamps bracket, which has prepared holes for the purpose.

The lamp is protected against shock and it is water and dustproof.
The lamp is EMC and E-approved
