Multifunction solderinghelper

A very practical assistant when soldering various items with flexible and adjustable LED lamp with built-in lop

A very handy helper for instance with prints, plugs and other soldering items. The soldering-helper has a built-in LED lamp with 16 powerful LEDs on the gooseneck, which is very flexible and can be adjusted as needed.

The LED lamp has a built-in 90mm. magnifying glass / loupe with 3 times magnification, which makes it possible to work with the smallest items.

Also the soldering-helper has crocodile clips for retaining items, built-in holder for soldering iron, rosin / solder grease, 30x50mm. cleaning sponge and 10g cleaning wool to keep the soldering iron clean.

The LED is powered on 4 x AA batteries or with the supplied 230V to 6V power supply with 5.5 x 2.1 mm DC connector.
