

ScanGrip UNIFORM

Flexible inspection lamp with lots of smart functions. Tiltable head, hook and magnet. Charging dock included for easy charging.

Flexible inspection lamp with lots of smart functions. The lamp has a tiltable head (180 degree), a hook for hanging, and magnet for putting it on metal surfaces. Especially the last in combination with the tiltable head makes it practical for many tasks.

The bright COB LED gives a bright light, and 50% more than the previous version.

The charging dock is included for easy and quick charging. A charging indicator on the front shows how much battery is left in the lamp.
