

## Deutsch DT Crimp Tool in Toolbox

High quality crimping tool for Deutsch DT terminals. 2 set replacable jaws is included, contained in a solid toolbox.

High quality crimping tool for Deutsch DT terminals. 2 set replacable jaws is included. The smart click-system makes it quick and easy to replace the jaws, without any need for tools.

The crimping tools and jaws are stored in a solid toolbox, with durable locking mechanism.

### Crimp-dimensions

Below you can see the cable-dimensions that the jaws can crimp. It is of course important that you use the right jaws, to get the optimal crimp.

K3 jaws:

AWG14 - 2.5mm<sup>2</sup>

AWG16 - 1.3mm<sup>2</sup>

AWG18 - 0.8mm<sup>2</sup>

K4 jaws:

AWG16 - 1.3mm<sup>2</sup>

AWG18 - 0.8mm<sup>2</sup>

AWG20 - 0.5mm<sup>2</sup>
