LED "Norway" combination-lamp 12 - 24V

The famous "Norway / Danish" taillamps that you can customize as you wish. Choose between LED tail-, indicator, backup- and foglight, and single or quadruple housing.

Get the full old-school look with these "Danish / Norway" LED lights, that you can customize as you wish. You have many possibilities to create and modify the lamps as you like. Choose between LED tail-lights, indicator-light, backup-light and fog-light.

The lamps are completely waterproof in an impact resistant plastic. They are designed and tested, so it can resist the hard use on commercial vehicles. Because of this, the manufacturer offers a 5-year warranty on the lamps.

For the lamps, you can also buy the fitting brackets, that we offer in 2 different black versions, with single or quadruple housing respectively. The single housing is also available in chrome.

The lamps are ECE and EMC approved. Find the datasheet under downloads.

Lamps, Tail- / Stoplight
SKU 24608110
Voltage: 12V / 24V
Current (13,8V / 28V): Stop: 0,38A / 0,24A - Tail: 0,04A / 0,04A
Work temperature: -30°C to +50°C
Wirelength: 40cm

Lamps, Indicator
SKU 24608111
Voltage: 12V / 24V
Current (13,8V / 28V): 0,38A / 0,23A
Work temperature: -30°C to +50°C
Wirelength: 40cm

Lamps, Back-up light
SKU 24608112
Voltage: 12V / 24V
Current (13,8V / 28V): 0,31A / 0,17A
Work temperature: -30°C to +50°C
Wirelength: 40cm

Lamps, Foglight
SKU 24608113
Voltage: 12V / 24V
Current (13,8V / 28V): 0,42A / 0,21A
Work temperature: -30°C to +50°C
Wirelength: 40cm

Frames, Black - Single
SKU 24608114
Dimensions: 31 x 120 x 120mm

Frames, Chrome - Single
SKU 24608115
Dimensions: 31 x 120 x 120mm

Frames, Black - Triple
SKU 24608109

Frames, Black - Quadruple
SKU 24608116
Dimensions: 50 x 125 x 430mm
