

Strands Delta LED high-beam 12-48V, E-approved

E-approved Strands Delta LED high beam with dual position-light that allows you to switch between white and yellow position-light and centered high-beam

E-approved oval LED high-beam with dual position-light, that sits in the sides of the lamp without any visible LED's. That gives you the possibility to change between white and yellow positions-light as you feel like it so that it fits your vehicle.

This high-beam is ECE-approved so that you can use them on public roads. They can advantageously replace the classic halogen long-beams.

In regards to the light diagram, it shows 1 lux at 425m. You will, therefore, get more light than the diagram shows and be able to see the reflections in the cones on the side of the road further out.

The lens glass is produced in polycarbonate and the lamp housing is made of powder-coated aluminum to achieve a sleek design and good cooling for the LEDs. The supplied brackets are manufactured in stainless steel.

- Black: Minus / -
- Red: High-beam
- White: White position-light
- Yellow: Yellow position-light
