Buy online at www.matronics.eu/269163

The stripe is sold in 50cm intervals and can be delivered in spools up to 5 metres lengths. If you buy 5pcs., you will receive 5 x 50cm, total 250cm. You can then split up the stripe as needed.

Zig-zag strips are perfect for backlighting around edges, as it does not require to be cut, adhered and soldered. You simply bend it around the edge.

The double-adhesive tape makes them easy to mount. At bends, it might be a benefit to add extra glue.
